

Sprint 1 User Stories

Connect to server (5 story points)

As a user, I want to be able to connect to a server.

The user clicks a button which shows a form with connection settings. When the user clicks connect, a connection is established to the specified IRC-server.

Disconnect server (1 story points)

As a user, I want to be able to disconnect from a server.

The user clicks a disconnect button in the actionbar menu and the app disconnects the active IRC-server.

Change nick (2 story points)

As a user, I want to be able to change my nickname.

The user clicks a button in the actionbar menu to change nick. A popup with a text field appears, which the user writes his new nickname in. The app tells the IRC-server to change nickname.

List connected channels (3 story points)

As a user, I want to be able to see which channels I'm connected to.

Shows a list of all connected channels in the left navigation drawer. The navigation drawer can be slided out from the left screen edge.
